

“ZYLOK”
High Pressure Regulator

“ZYLOK” *High Pressure Regulators* are specially designed for use in systems where a high delivery pressure is required.

“ZYLOK” *High Pressure Regulator* reduces and regulates the available source pressure until it’s nearest available source pressure.

“ZYLOK” *High Pressure Regulators* are available in many different combinations of materials and thread connections to suit to individual industry requirements.

Specifications:

Material of Construction	:	Brass, SS-304 & SS 316
Inlet Pressure	:	Up to 300 Kg./Cm. Sq.
Outlet Pressure	:	Until available source pressure
Flow Rate	:	Up to 500 Lpm (30 Cubic Mtr./Hr)

Applications:

- **Manifold pressure control**
- **High pressure testing**
- **Purging and charging**
- **Manufacturing processes**
- **Research Laboratories**
